

# Outdoor Water Use

On Wednesday, June 10, 2009, Governor Purdue announced that due to significant rainfall and improved water supplies the Georgia Environmental Protection Division (EPD) has issued a non-drought schedule for outdoor water use for the first time since June 2006.

Under a non-drought schedule, outdoor water use is allowed three days a week on assigned days using odd and even-numbered address as listed below.

- **Odd-numbered addresses can water on Tuesdays, Thursdays, and Sundays.**
- **Even-numbered addresses can water on Mondays, Wednesdays, and Saturdays.**
- **There is no watering on Fridays.**
- **Pressure washing can be done according to the same schedule – No Special Use Permit Required.**

Although water use is allowed at any time of the day on the assigned days, landscape watering is discouraged between 10 AM and 4 PM because of its limited effectiveness.

Please contact City Hall if you have any questions.
